Winland Electronics Environmental Compliance Statement

Winland Electronics is an industry leader in critical condition monitoring devices. Products including EnviroAlert, WaterBug, and TempAlert are designed in-house to monitor critical conditions and protect against loss of assets due to damage from water, excess humidity, extremes of temperature, and loss of power, among others, across industries including health and medical, grocery and food services, commercial and industrial, as well as agriculture and residential. Winland Electronics markets and sells its line of proprietary critical condition monitoring hardware and subscription service products primarily through a global network of distributors, dealers, security installers and integrators. Winland Electronics' products are compatible with any hardwired or wireless alarm system. Winland Electronics also offers a critical environment monitoring solution called INSIGHT, an automated, cloud-based platform that provides early alerting, reporting, and logging services designed to ensure regulatory compliance.

Declaration of Conformity

US California Proposition 65: This act requires the labeling of products containing any of the chemicals known to cause cancer, birth defects or other reproductive harm (Legal Reference Safe Drinking Water and Toxic Enforcement Act of 1986). We hereby send you information related to California's Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65). In accordance with the requirements defined in the regulation, this communication applies to the below referenced Product(s) included with this declaration.

Product Status Declaration
