Winland Electronics Environmental Compliance Statement

Winland Electronics is an industry leader in critical condition monitoring devices. Products including EnviroAlert, WaterBug, and TempAlert are designed in-house to monitor critical conditions and protect against loss of assets due to damage from water, excess humidity, extremes of temperature, and loss of power, among others, across industries including health and medical, grocery and food services, commercial and industrial, as well as agriculture and residential. Winland Electronics markets and sells its line of proprietary critical condition monitoring hardware and subscription service products primarily through a global network of distributors, dealers, security installers and integrators. Winland Electronics' products are compatible with any hardwired or wireless alarm system. Winland Electronics also offers a critical environment monitoring solution called INSIGHT, an automated, cloud-based platform that provides early alerting, reporting, and logging services designed to ensure regulatory compliance.
