## New Product Announcement

Dear Customer,

Winland Electronics is excited to announce the release of our new Buffer Tube, available for order starting Monday, September 13, 2021. The Buffer Tube is intended to allow users more efficiency and easier deployment when monitoring critical inventory.

For ordering purposes, please submit purchase orders for the part number – M-001-0150 – referred to as the TEMP-B-T.

Product dimensions are 4” height by 1” diameter. The Buffer Tube is a 40ml glass tube with bonded septa white cap to firmly secure a Winland Electronics’ probe.

Winland Electronics appreciates and values our business relationship and looks forward to continuing to grow our product line as well as adding new items in the future.

Inquiries and requests should be directed through our normal sales channels or directly with our office at 800-635-4269.
